**WORKING FROM HOME IS AWESOME**

**HAVE YOU EVER WONDERED  
WHY EVERYONE WOULD NOT WANT  
TO WORK FROM THE COMFORT OF  
THEIR VERY OWN HOME?**

# “Start Saving Big On Your Advertising Expenses While Getting Paid To Advertise!”

AMAZING OFFERS LIKE THIS ARE RARELY SEEN BY THE GENERAL PUBLIC...

"May Your Holiday Season Be Joyful, Blessed, & Bright!"

Sounds Too Good To Be True?

Read On...

Welcome to this Amazing Offer that will not be repeated any time soon, and will only be here for a limited time.

Since you are currently spending money to advertise your products or services, this is going to be a Massive Interest to you, or your company.

Please Read Carefully!

We started this about three plus years ago, and as you know, things just do not always go as planned. I will not make this long, so to keep it short, here is what has happened in a nutshell.

We are a group of smart, hardworking dedicated group of like-minded people creating this system from the ground up, when all of a sudden, I, the financier of all these projects, became 100% disabled and not able to work.

I never thought I would see that day so soon in my life. With that happening, plus being scammed out of hundreds of thousands of dollars, I did not have an income for about two years.

Unfortunately, all the work that we had done prior to that, was lost, as I could not even afford to pay for the hosting account. Major Ouch!!!

I lost many of my domain names, and needless to say, all the work that had been done over those past several years were lost, right before my life came crashing down right before my very eyes.

I sure hope you never have to go

through this kind of unfortunate issue.

My wife and I were devastated to say the least, but, **We Absolutely, Positively Refuse To Ever Thrown In The Towel And Give Up!**

God has a plan, and it does not always go with our plans! I am willing to bet that you know exactly what I am talking about, and you have probably also "Been There & Done That, Or Went Through It"!

For sure, **"Keep Going"**, and **"Never Stop"** as the world-famous Winston Churchill always said. Pure Motivation right there.

So, fast-forward to today, as we are fast approaching 2025, here we are not only building back, but building back Bigger & Better than what we had before!

Thing is, when you have done it once, then it is quicker and better the second time, as you have more experience the second time around!

Good advice from Mr. Branson right there, as I would rather have tried and

failed, then to not have tried at all!

### **Do You Feel The Same Way?**

There is no stopping us this time, as we have removed all scammers and con artists out of our lives.

We have good quality people with integrity in place once again, and behind the scenes we have the best, most incredible computer programmers in place that we trust,

Once again, have our budget - We Are Not Going Anywhere - But Forward!

OK, I admit, we are not as far as we were previously, but, we are making great strides.

Next year we will get the AI Company started and going, and all the founders here will be the first to know about it, and we will be keeping you informed with all the progress and updates.

Believe me, this will be a start-up service you will want and need to use on a daily basis, and you will definitely not want to miss out on the phenomenal "Income Opportunity" that it will offer.

**"By 2032, experts at Bloomberg predicts the AI Market to be worth more than \$1.3 TRILLION Dollars!"**

OK Bernie, so, what is this all about?

Glad you asked, so let's get down to what we are currently doing, and how this can impact, and benefit you for the better.

You are currently an advertiser, marketing & promoting your favorite products or services, to help others with problems, issues, or concerns that they may have in their life.

They need Good, Quality, Honest Answers that will help them out in their quest for a helpful solution.

I want to introduce to you, the New & Improved "**Advertisers Connection**" platform.

Sure, we still have lots of programming to do yet, but, we are far enough along to start getting the word out to the masses.

This is only one of several sites that will be programmed just like we did previously, meaning your ads will be on "**Multiple Ad Sites**" at no extra cost!

Advertisers Connection, (AC for short) will be a massive money saver for you, as a founder, and for all the general public

who use our platform.

Gone are the days of over priced advertising, as we are "**Making Advertising Great, & Affordable Again!**"

## Founders Benefits

What will your benefits be as an "**AC Founder**"?

You will be grandfathered in at an amazingly low, unheard of Super Low Price of just \$5 for **FULL PAGE ADS!**

These ads never expire, as you are 100% in control of your Full Page ads, with up to 10 images.

There is no limit on the Full Page Ads you may have, but, you must make that decision before we pull this offer.

We will pull this offer once we have 1,000 founders, or when we feel it is time. We are giving plenty of time for the serious advertisers to come on board to have the Ultimate Lifetime Discount Advertising Package Ever Offered!

Once we meet one of those two requirements above, we will pull this offer, and it will never be seen or repeated.

Rest assured, we have everything in place, and we will not be going anywhere. We are here for the long haul, and we will also be promoting our favorite products and services as well.

With that said, you are definitely one of the **Lucky Ones**, as you are seeing this offer, but do not delay too long, as it will be taken down without any notice.

# Why Are We Looking For Founders?

## Team Work!

It takes multiple people to work together as a cohesive unified unit to be successful, and there is no other way to put it, but, "**We Need Each Other**". Let me explain what I mean, and how we can help each other out to make Advertisers Connection a Total Success!

### 1) Ads

When new website visitors show up at the Advertisers Connection website, there needs to be ads for them to look at, and to want to come back often to look again, and again, and again. Right?

So, our goal is to have 1,000 Founders, which means we would have a minimum of 1,000 ads on our site at all times, just from the founders. Nice Deal!

Yes, I did say MINIMUM, as some founders will opt for a larger "**Special Founders Package**". You can see all the packages in the image below.

For example, let's say we have some founders who are a bit more serious about advertising, and promote multiple opportunities to create multiple streams of income.

What if all founders take the 5 pack?

Well, that is 5,000 ads at all times on the Advertisers Connection website.

What if all founders took a 10 Pack?

It is a Mega Bargain, so, as you can see, the Advertisers Connection site is going to have many different types of ads in many unique in demand categories, so there is something for everyone.

Take a look at the site, and you will see all those categories, and since we are a team, if we have missed a category, let us know and we can add it.

## Your Input Is Valued & Needed!

<u>Plan Name</u> ↕	<u>Plan Type</u> ↕	<u>Price</u> ↕
Founder - 100 Ads	monthly	500.00
Founder - 50 Ads	monthly	250.00
Founder - 25 Ads	monthly	125.00
Founder - 10 Ads	monthly	50.00
Founder - 5 Ads	monthly	25.00
Founder - 1 Ad	monthly	5.00

## 2) Never Expiring Ads

The AC Founders ads never expire! You can change them, and modify them at any time, or simply delete it and add it back from a fresh slate.

For example, if you purchase a Founder's 5 Pack, then you will have 5 ads that never expire, and you can delete, change, or modify them at any time.

No need to call us, just do it from your member's only back office on your phone, tablet, or PC. Super Simple!

## 3) Profitable

Yes, you are going to be able to make cash money commissions as well just by promoting Advertisers Connection to your friends, associates, opt-in list, business partners, etc.

The income generation portion will be revealed later, but, just remember, founders have the first chance to run with this opportunity and to help bring it to the masses.

Also, do not forget that we are putting together an Amazing AI company next year, and you will not want to miss out on that opportunity. Founders will be in the Absolute Best Position to Profit off of the Multi Billion Dollar AI Market by being able to take the "First Movers Advantage" to get in First!

## 4) Advertising Budget

Yes, all companies need an advertising budget, and after you have read the above introductory statement about myself, you will know that I do not have a

massive advertising budget with all the unfortunate things that has happened over the past several years.

However, that is not going to stop anything. Let's do some math to show you some good old fashion "Team Work" of what all of us Founders can do as a Unified Team!

**1,000 Founders X  = \$5,000 Per Mo.**  
**1 Ad = 1,000 Ads**

**1,000 Founders X  = \$25,000 Per Mo.**  
**5 Ads = 5,000 Ads**

**1,000 Founders X  = \$50,000 Per Mo.**  
**10 Ads = 10,000 Ads**

As you can see, with even a bare minimum of 1,000 Excited Founders, we would have 1,000 ads minimum on our site at all times!

Plus, we would have a nice little \$5,000 Monthly Advertising budget to get the word out.

AC is not a publicly shared stock, or a franchise, but, the money that comes in from the \$5 Founders Ads is kinda the same principle as a franchise.

## What Is This Budget Used For?

Great question, and let me assure you, it is not for me to take exotic vacations, buy new exotic cars, mansions, New Rolex

watches, and on and on. I want all of us to succeed and be successful, so let me tell you exactly where this cash flow is going to go - That benefits All Founders!

**1)** Every month, what ever the budget is, I will be putting together ads, online and offline. We will be advertising Advertisers Connection to current advertisers to get them to come try us out, at our low, low price that has everyone else beat.

**2)** Every month, I will dedicate a large portion of our budget to postcards to other opportunity buyers. For businesses, I will send out letters to the automotive, ATV, motorcycle, boats, and other fields of interest that advertise profusely to attract them to our discounted rates.

Check out the advertising rates of these online publications, and ask yourself:

Would You Want To Spend \$17 For A 10 Image, 30 Day Ad At AC?

**OR**

\$50 Plus For A 1 Image Ad for 2 to 3 weeks with the other guys?

Here are a few of those places I am referring to, so you can compare the difference. It is the same company, but they have multiple states covered.

<https://autorv.com/>

I looked forward to every week getting the new issue to look at all the stuff that I did not need! LOL This company also used to have state publications for KY, TN, and WI. I guess COVID-19 has reduced their coverage, so those states need a good quality replacement option.

**3)** We need to finalize the final income opportunity portion of the site, as we want everyone, the founders, and the AC promoters, to earn nice residual monthly commissions.

No, I am not promoting a Get Rich Quick Overnight Deal here. We are talking about a legit and needed "Ever Green" service that is needed, wanted, and in high demand.

This is also where your opinion and feedback come in handy. I am seriously considering a single level affiliate program, paying out 60% of the revenue to the affiliate marketers. Good Idea?

Or, should we be an MLM/Network Marketing company paying out multiple levels of commissions? Matrix Format?

No matter which way the commission and pay out structure goes, everyone is not going to be fully happy with the outcome.

Should we go with a single tier affiliate program, and then throw in a 10% Founders Pool to divide up with all active founders?

If we went with the MLM/Network Marketing pay plan, what about a 10% Founders Pool with it?

Things to consider...

Lots of options, and lots of directions we can go, and we want to maximize the system for the benefit of everyone.

When it comes to mailing postcards and letters, would anyone object to having the company do all that work, and all the founders benefiting from those mailings?

I would think we could all agree that everyone would be happy with that deal!

Now, if you do decide to go out on your own to promote AC, it would be beneficial to everyone involved. Doing personal mailings would really *Enhance Your Income* no matter which direction we would go on one of the above two different pay plans.

No, you are not required to go promote to the masses, but, you need to place ads for the ad package you have committed to and purchased.

### **Are You Locked In?**

As a founder, you are "**Locked In**" with "**No Gotcha's or Catch's**" later down the road.

Here are your obligations as a founder.

**1)** Use all the ad credits in your special founders offer package. We need all the ads we can get on the AC Platform.

**2)** Keep any of your promotions legit, honest, moral, and legal. No need to use dishonest hype or be dishonest in any way. Keep it totally honest, and use integrity in your marketing.

**3)** With all that being said, absolutely without any question, "**NO SPAMMING**". If you are caught spamming, you will be terminated, period, end of story. Spamming is not being moral, ethical, or having integrity. Let's do the right thing, so we all can benefit for the long term.

**4)** Should you want to leave the AC Founders Position, all you need to do is cancel your advertising package subscription, and you will be done.

If you have more than one subscription, you may cancel any that you want, but make sure you keep at least one of your packages if you do want to remain an active founder.

Remember, once you cancel a founder's advertising subscription package, it can not be reversed or reinstated once we close the "Special Invite" offer.

**"Do not delete your founder's advertising ad subscription unless you are 100% sure you no longer want to be a founder."**

With this short report, I think you will get an idea of what the Founder's Position is about, and you can do your due diligence on the website, and talk to who ever you prefer.

There is no pressure from myself, as I have no idea who is reading this **Founder's Special Offer Report.**

Even if I did know who you were, I would still never pressure you into something that you were not interested in, or not 100% sure about.

You are on your own to make your decision, just like all full-grown adults.

With that being said, the only time you should look down on others, is when you have your hand stretched out, to help them up!

I feel like AC is going to help out thousands of people, my question to you is, "Are You Going To Be One Of Them"?

For those looking to be a Team Player, then you have found a Long Term Home here at Advertisers Connection.

We have multiple websites offering different products and services that we have not mentioned here, but, you will soon learn about them as you progress with our company.

I appreciate you taking time to read about what we are doing, and I know it was short and quick, and there will be plenty more details given to the founders as we progress.

I do believe you have enough information to make a decision if you would want to progress forward at this time, or to skip the Founder's Special Offer, and to be a future advertising customer.

Either way, have a Blessed Day, and no matter your decision, I personally wish you the absolute best.

Have a Blessed Day, and may God Bless you and your family with good health & wealth!

Yours to count on,

Bernie Matt

# Latest Update

I attempted to use Clickbank for the processing of payments, and taking care of all affiliate payouts, as well as accessing their database of affiliates, but, I just can not get a straight answer from Clickbank.

They sent an email asking if I was happy with the reply I got from tech support, and I replied with a no. I gave them my explanation of why, and asked them if they would accept our ads site.

I have tried to get back to look at their reply, but, I guess they were not happy with that "no" reply, so my account was closed. LOL I would not call that professional at all...

As of right now, I have bought an affiliate tracking software that has been around for about 20 years, with a good reputation, called aMember Pro.

We have it installed on the site, but have not programmed it in with all the features yet, as we were hoping Clickbank was going to be more favorable.

I currently have the software set up to pay out 50% Commissions to the individual who brings in the advertiser, and a 25% commission to the up-line.

 **25%**

 **50%**

 **\$17 Ad**

I attempted to get the first ad placed in the December 2024 issue of Shore To Shore, but with email and other issues, by the time Colleen and I were getting things organized, it just did not work out.

The first successful ad placement for this launch kick-off got placed in the January 2025 issue of Shore to Shore.

There are more places to get advertising into, and we will continue to expand as our budget allows.

**"I am looking forward to a Successful 2025 and Beyond!"**
